

SORBOTHANE IS YOUR GAME CHANGER.

ABSORBING HIGH IMPACT SHOCKWAVES WITH EVERY STRIDE, SORBOTHANE INSOLES HELP PROMOTE MAXIMUM SPORTING PERFORMANCE, WHILST PROVIDING SUPERIOR COMFORT & DURABILITY. SORBOTHANE INSOLES WORK IN PERFECT HARMONY WITH YOUR BODY AND HOW YOU MOVE.

Did you know, every time your feet strike the ground, harmful shockwaves reverberate through the body at up to 70mph?

Subjecting your feet to this high level of stress can have an adverse effect on the way you move, train or play. Left unaddressed, prolonged damage to joints, muscles, ligaments and tendons could inhibit you from performing at the top of your game.

Sorbothane insoles help provide the correct support, alignment and cushioning to the feet, stimulating a domino effect of pain relief throughout the body, whereby your sporting edge is not only maintained, but enhanced.

UNPARALLELED 94.7% SHOCK ABSORPTION.

SORBOTHANE INSOLES LIMIT THE TRAUMA CAUSED TO THE BODY DURING EXERCISE, HAVING PROVEN TO REPEATEDLY ABSORB AN UNPARALLELED 94.7% PERCENT OF SHOCKWAVES, WITHOUT PERFORMANCE DEGRADATION.

Sorbothane's unique viscoelastic material enhances the body's natural defence mechanisms, so that on impact, the polymer deforms to disperse shockwaves laterally rather than up through the body.

PRODUCT FEATURES.

- ✓ ABSORBS AN UNRIVALLED 94.7% OF HARMFUL SHOCKWAVES.
- ✓ PROTECTS JOINTS LIKE THE KNEES AND ANKLES FROM HARMFUL SHOCKWAVES PRODUCED WHEN THE FOOT IMPACTS WITH THE GROUND DURING SPORT AND EXERCISE.
- ✓ OFFERS SUPERIOR COMFORT, WHILE IMPROVING PERFORMANCE.
- ✓ COOLMAX® FABRIC PROVIDES ULTIMATE BREATHABILITY BY WICKING MOISTURE AWAY FROM THE BODY DURING SUSTAINED, HIGH INTENSITY ACTIVITY.
- ✓ AN ANTIBACTERIAL TOP SHEET PREVENTS ODOURS FROM FORMING WITHIN THE SHOE.

PERFORMANCE & COMFORT

GAME. CHANGING. SHOCK ABSORBING. SPORTS. INSOLES.

FEATURING THE WORLD-CLASS SORBOTHANE® POLYMER, PROVEN TO ABSORB AN UNPARALLELED 94.7% OF SHOCKWAVES PRODUCED DURING SPORT AND EXERCISE.

SORBO PRO. CONTROL. PROTECT.

Designed for the sports person who demands ultimate protection to achieve their highest level of performance. Sorbo Pro supports, aligns & cushions the sole of the foot to carefully centre the user's geometry, while the stabilising arch provides a biomechanical fit to address excessive foot pronation and strain to plantar ligaments and muscles.

- ☒ REPLACEMENT INSOLE.
- ☒ TRIM TO FIT.
- MULTI SPORT.
- MACHINE WASH AT 30°.
- LATEX FREE
-

DOUBLE STRIKE. EXERCISE. PROTECT.

Designed for activities such as rugby, netball and hiking, where both the forefoot and heel are subjected to the most impact shock. An inbuilt comfort contour and heel cup offers a dual action, shock absorbing solution.

- ☒ REPLACEMENT INSOLE.
- ☒ MULTI SPORT.
- MACHINE WASH AT 30°.
- TRIM TO FIT.
- LATEX FREE
-

CUSH 'N' STEP. CUSHION. PROTECT.

Designed to provide comfort and support to the foot during lighter impact activities like walking and hiking. Cush 'N' Step keeps feet feeling fresh and comfortable for longer.

- ☒ REPLACEMENT INSOLE.
- MULTI SPORT.
- MACHINE WASH AT 30°.
- TRIM TO FIT.
- LATEX FREE
-

FULL STRIKE. IMPACT. PROTECT.

Designed for activities where the whole foot is subjected to impact shock like running, hockey and racquet sports. Full Strike offers a comprehensive shock absorbing solution.

- ☒ REPLACEMENT INSOLE.
- ☒ ADDITIONAL INSOLE.
- TRIM TO FIT.
- MULTI SPORT.
- MACHINE WASH AT 30°.
- LATEX FREE
-

SINGLE STRIKE. SHOCK. PROTECT.

Designed for activities where the heel is subjected to the most impact shock such as golf and walking. An inbuilt comfort contour and heel cup offers a concentrated shock absorbing solution.

- ☒ REPLACEMENT INSOLE.
- ☒ ADDITIONAL INSOLE.
- TRIM TO FIT.
- MULTI SPORT.
- MACHINE WASH AT 30°.
- LATEX FREE
-

HEEL PADS. SHOCK. CONTROL.

Sorbothane Heel Pads are designed for everyday life and light sporting activities such as golf. They provide pure shock absorption at the heel, where most impact occurs.

- MULTI SPORT.
- MACHINE WASH AT 30°.
- LATEX FREE
